

CANDI SOLAR

PROFILE: Fabio Eucalipto
FINANCE DIRECTOR & Co-Founder at candi solar
View Fabio's [LinkedIn profile](#)

Final Bio:

Fabio is an entrepreneurial and seasoned finance professional with a proven track record in Investment Management and Executive Operational roles.

His investment experience covers venture, equity, and debt transactions encompassing projects and corporate finance across developed, emerging, and frontier markets.

As CFO at several companies, he has built robust financial operations and spearheaded fundraising activities.

Currently, Fabio is serving as the Finance Director and spearheading the People & Culture at candi solar. He has been pivotal in fostering a highly diverse team of over 100 professionals across four countries while maintaining a strong corporate culture built around core company values. Over the past three years, he has secured over USD 100 million in capital from a wide array of institutional investors.

Fabio holds an academic background in accounting and finance, which he pursued at the University of St. Gallen and the Indian School of Business.

Topics for discussion:

Fabio's areas of expertise include corporate finance, business analytics, leadership, start-ups, emerging markets, diversity and gender, corporate values and culture, and scaling up businesses. Based on that, he can provide insightful discussions on the following topics:

- Build and maintain a strong corporate culture in a fast-scaling environment
- Corporate Finance for fast-scaling renewable energy ventures in emerging markets
- Key challenges of initiating and scaling up solar businesses in India and Africa
 - Asset-intensive business models and the importance of cash management
 - Equity-raising strategies tailored for fast-scaling renewable energy companies
 - Debt structuring strategies for solar projects in emerging markets
